📡 SAMYUNG

📡 MOTOROLA

📡 GLAMOX

📡 JRC

📡 HATTELAND

📡 OMRON

📡 KONGSBERG

We work with integrated solutions for navigation and satellite communication, with high quality equipment and leading brands.

Our products cover all areas, from recreational craft, professional fishing, tugboats, pushers, offshore support vessels, cabotage and long course navigation.

SHIPPING

All our shipments include Goods Insurance

From our main warehouse in Lisbon - Portugal, we have several logistics solutions daily. We select the best logistics partners to respond quickly to customer needs, with competitive cost and fastest services.

As **perfectionists**, we ensure that all products are correctly packed, reducing the risk of delays or damage in transit.

We have a global **insurance policy** that secure all our shipments, whenever we deal with freight services for the customer, bringing even more security, without charging any cost for this service.

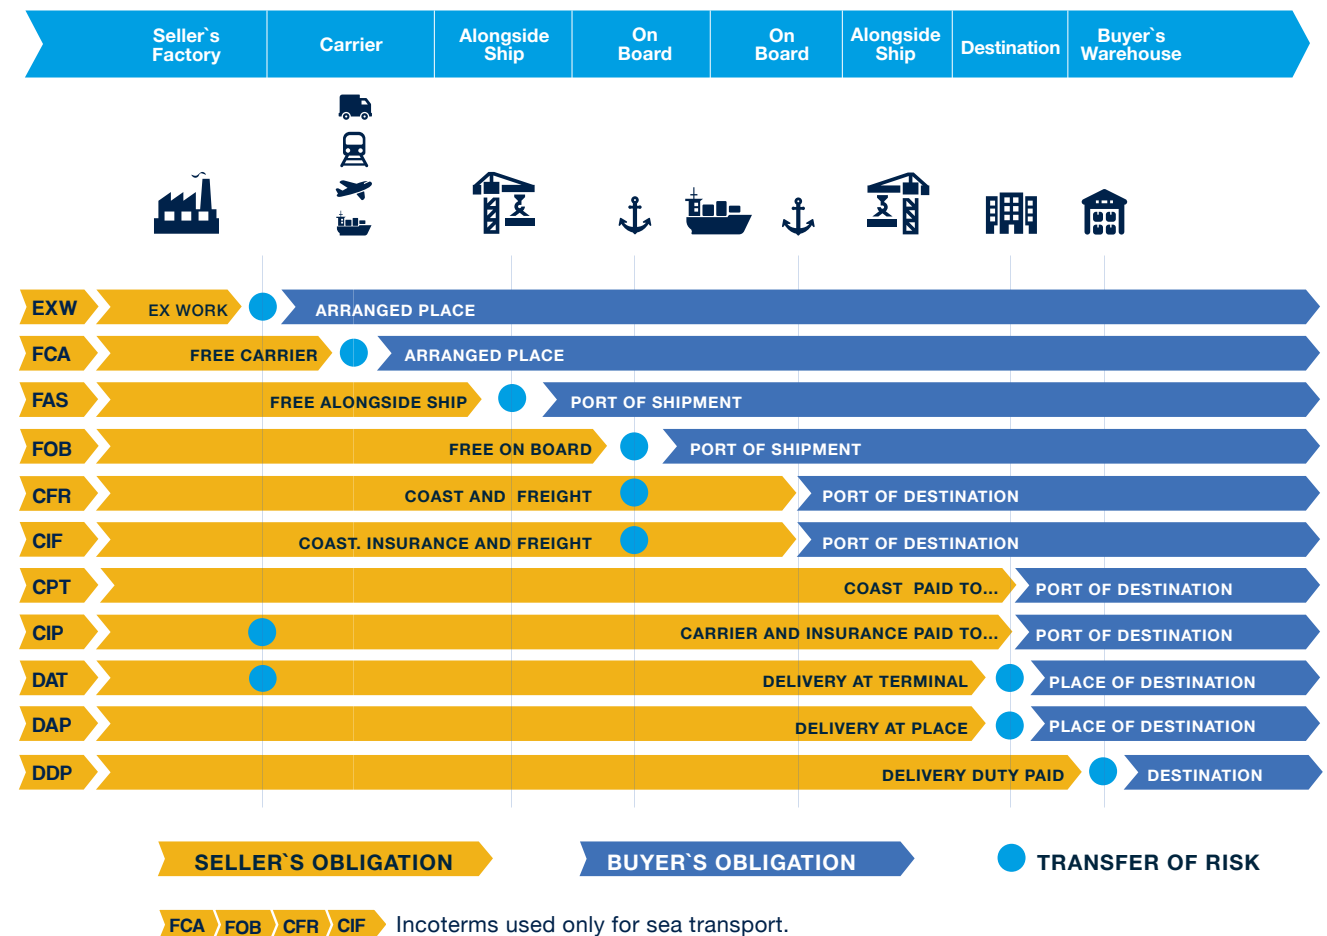

INCOTERMS

International Commercial Terms

“Incoterms” is the form to say International Business Terms. First published in 1936, they constitute a set of 11 definitions that are responsible for the different tasks during international transactions.

They are a requirement on every commercial invoice, Incoterms significantly reduce the risk of comprehension problems with potentially large costs.

Specify all tasks, risks and costs during the transaction of goods between the seller and the buyer.

SOLUTIONS THAT RESPECT THE ENVIRONMENT

Over twelve years experience in projects on land and at sea

All of our work is done with environmental consciousness, we apply several measures in all our procedures, to reduce our ecological footprint.
That is an **Atlantic** commitment: to protect and ensure the balance of our surroundings by fomenting the greatest possible energy savings and a sustainable working process.

SECTORS

Areas of action

Our Customers operate in various Sectors of activity since public to private entities.

Marine - Container Ships, Tankers, Reefers, Fishing trawlers, Tug Boats and Others, Cruiseships;

Energy - Biofuels, Engine Power, Thermal Power, Crude Oil Refinery and Others;

Offshore - Offshore Support Vessels, Oil Production, Gas Production and Others;

Food, Dairy and Beverage - Heat Exchangers and some others equipments for Food, Dairy and Beverage processing;

Palm oil Industry - Palm oil is one of the world's most produced and consumed oils;
